2:28pm, Weds, Apr 1, 2015 by Gilford

Great attraction from the audience!

2:28pm, Weds, Apr 1, 2015 by Ashley

The whole group should actually face us, not just look at the white board

2:28pm, Weds, Apr 1, 2015 by Kyle

@Group 6, Personally, I think many people realize what's going on but don't see how it will affect them.

2:28pm, Weds, Apr 1, 2015 by Lejun

@Group6, don't write down exactly everything you want to say, use bullet points next time.

2:28pm, Weds, Apr 1, 2015 by Anwen

We all know this already though

2:29pm, Weds, Apr 1, 2015 by Youqi

it think they are talking about the world of the global warming

2:29pm, Weds, Apr 1, 2015 by Harry

2:29pm, Weds, Apr 1, 2015 by Ashley

I agree with Anwen

2:29pm, Weds, Apr 1, 2015 by Ashley

mr g said that the slide should be short and the speaking long

2:29pm, Weds, Apr 1, 2015 by Gilford

Cool invention.

2:29pm, Weds, Apr 1, 2015 by Anwen

I think that would take even more fuel and energy to make that machine

2:29pm, Weds, Apr 1, 2015 by Kyle

@Table 8 Sometimes we say there are droughts, but sometimes we say ocean level is higher. Why is that?

2:29pm, Weds, Apr 1, 2015 by Marcus
